At a glance — who benefits from ESMS

One platform for web admin, staff mobile app, and parent mobile app — same live data everywhere.

1 of 4

School Management

Owners & directors — finance, growth, multi-branch control

2 of 4

Staff & Teachers

Attendance, homework, exams, leave — web + mobile

3 of 4

Parents

Fees, attendance, homework, results on mobile

4 of 4

Daily Operations

Admissions, fees, transport, library, SMS

One platform Web for admin + mobile apps for staff and parents.

Modular plans Start with essentials; add transport, library, payroll as you grow.

Actionable reports Fee dues, attendance, expenses, P&L — PDF/Excel export.

What schools need — and how ESMS helps

Need	Who benefits	ESMS helps with
Fee collection & dues follow-up	Management, Admin, Parents	Fee reports, due lists, parent app, SMS reminders
Daily attendance	Teachers, Admin, Parents	Class marking, reports, parent notifications
Academic progress	Teachers, Parents	Homework, exams, marks, report cards
Financial control	Owner, Director	Expenses, payroll, profit & loss, insights
Admissions pipeline	Management, Admin	Enquiry tracking, conversion reports

For Owners & Directors

Run the school with confidence — finances, enrolment, staff strength, and branch performance on decision-ready dashboards.

Quick summary ESMS gives school leadership a single source of truth: fee collected, dues outstanding, expenses, and academic progress — across one branch or many.

Owner & Director dashboards

- Academic, financial, and admin KPIs on one screen
- Student strength, fee collection, expense trends
- Alerts for dues, birthdays, and important dates

Revenue & fee control

- Fee collection, due-fee, and discount reports
- Year-wise fee summary for planning
- Transport fee billing where enabled

Cost & profitability

- Expense tracking with ledger and trends
- Payroll and salary payment history
- Profit & loss and financial insights

Growth & governance

- Admission enquiry pipeline and conversion
- Multi-branch management and insights
- Module-based plans — pay for what you use

Decisions you can make faster: Which class has highest fee dues? Is expense within budget? Which branch needs staff? Are parents using the mobile app?

For Teachers, Admins & School Staff

Less time on registers, more time teaching. Role-based web and mobile access to attendance, homework, exams, and leave.

Quick summary Teachers mark attendance and publish homework from the classroom. Admins handle admissions, fee follow-up, and reports. Every staff member sees only what their role needs.

Staff mobile app

- Login from mobile for on-the-go school work
- Class lists, student details, schedules
- Push notifications for school updates

Attendance & timetable

- Mark student attendance class-wise
- Staff attendance and HR reports
- View and manage class timetables

Teaching tools

- Homework with due dates
- Exams, marks entry, performance reports
- Announcements to class or whole school

HR & admin staff

- Leave requests and approval workflow
- Staff records, documents, reports
- Payroll visibility and payslip access

Morning — Mark attendance

Class — Post homework

Exams — Enter marks

Anytime — Apply leave

For Parents & Guardians

Stay connected — fees, attendance, homework, exam results, and announcements through a dedicated parent mobile app.

Quick summary Parents no longer need to visit school for every fee or attendance query. ESMS keeps them informed on mobile and reduces front-office phone calls.

Parent mobile app

- Secure login with registered mobile
- All children linked to one account
- Works alongside web parent portal

Fees & payments

- Fee structure, paid amount, balance due
- Payment history and receipts
- Due-fee reminders via SMS

Child progress

- Daily attendance status
- Homework and assignments
- Exam marks and performance

School communication

- Announcements, events, holiday calendar
- SMS and in-app notifications
- Transport and timetable info

Fewer office visits Parents self-serve fee and attendance queries.

Faster fee collection Clear dues on phone encourages timely payment.

Modern brand image Shows parents the school invests in digital communication.

For Admin Office & Day-to-Day School Work

From morning attendance to fee counters, library, and transport — ESMS connects every routine task.

Quick summary The admin team runs the school's engine room. ESMS replaces scattered registers with one system for students, fees, attendance, communication, transport, and library.

Students & admissions

- Profiles, documents, class allocation
- Enquiry capture and follow-up
- Bulk import/export and ID cards

Fee desk

- Collect fees, receipts, discounts
- Due-fee lists with parent contact
- Fee structure by class, year, branch

Attendance & calendar

- Student and staff attendance
- Events, holidays, academic year
- Timetable configuration

Transport & library

- Routes, allocations, transport fees
- Book issue, return, overdue tracking
- Usage reports

Inventory & expenses

- Stock and supplies tracking
- Record and approve expenses
- Ledger summaries for accounts

Communication

- SMS and email to parents or staff
- Announcements and parent onboarding
- Service requests to ESMS support

1. Open dashboard

2. Attendance & enquiries

3. Fee collection

4. SMS / announcements

5. End-of-day reports

Complete Bright ESMS Feature List

40+ modules — web admin, staff mobile app, and parent mobile app on one connected platform.

Platform & Security

Cloud-based ESMS	Secure web access for owners, directors, admins, teachers, and staff — role-based permissions.
Multi-branch	Manage multiple school branches with branch-wise data, reports, and insights.
Modular plans	Enable transport, library, payroll, inventory, and more as your school grows.
PIN / OTP login	Secure staff login with PIN or OTP; separate web and mobile login tracking.
Configuration	Academic years, classes, sections, subjects, fee structures, and school settings.
Data import / export	Bulk import and export students, staff, and financial data (Excel).
Service requests	Raise and track support tickets to ESMS team from within the app.

Dashboards

Owner dashboard	Financial KPIs, fee collection, expenses, student strength, and alerts.
Director dashboard	Branch insights, academic and financial overview for leadership.
Admin dashboard	Daily operations — attendance gaps, dues, enquiries, and tasks.
Teacher dashboard	Class attendance, homework, and teaching workload at a glance.
Financial dashboard	Revenue, expenses, net balance, and trend charts.
Academic dashboard	Enrolment, attendance, and academic progress metrics.

Student & Admission Management

Student profiles	Complete student records, documents, photos, and class allocation.
Admission enquiries	Capture leads, follow-ups, conversion tracking, and enquiry reports.
Student promotion	Promote students to next class/year with academic year scoping.
ID cards & certificates	Generate student ID cards and achievement certificates.
Student search & reports	Class-wise lists, birthday reports, and export to PDF/Excel.

Staff & HR

Staff management	Staff profiles, roles, designations, documents, and branch assignment.
Staff attendance	Daily staff attendance marking and attendance reports.
Leave management	Student and staff leave requests, approval workflow, and leave balance reports.
Payroll management	Salary components, processing, payslip generation, and payment history.
Employee services	Staff self-service for leave, payslips, and personal records.

Fee & Financial Management

Fee collection	Collect fees, print receipts, apply discounts, and track payments.
Fee structure	Configure fees by class, academic year, and branch.
Due-fee reports	Due lists with father mobile, class filter — PDF/Excel export.
Fee year summary	Year-wise collection, dues, and planning reports.
Transport fee billing	Transport fee setup, allocation, and billing reports.
Online payments	Razorpay integration for online fee collection (where enabled).
Expenses management	Record expenses, ledgers, approvals, and expense trend charts.
Profit & loss	P&L statements and financial insights for school leadership.

Academic Management

Attendance management	Student and staff attendance — class-wise marking and reports.
Timetable	Create and manage class timetables and teacher schedules.
Homework management	Teachers assign homework; parents view due dates on mobile.
Exams & marks	Exam types, schedules, marks entry, report cards, and analytics.
Assessments	Student assessments, grading, and performance trend reports.
Events & holidays	School calendar, events, holidays, and academic year setup.
Activities	Plan school activities, participation, and activity reports.

Daily Operations

Library management	Book catalog, issue, return, renewals, and overdue fines.
Transport management	Vehicles, routes, drivers, student allocations, and reports.
Inventory management	Stock, supplies, purchases, and asset tracking.
Announcements	School-wide or class-specific announcements with priorities.
Notifications	SMS, email, and in-app alerts to parents and staff.
Communication hub	Message templates, bulk SMS/email, and delivery history.

Mobile Apps

Parent mobile app	Fees, dues, attendance, homework, exam results, and school updates — 24/7.
Parent onboarding SMS	Automated SMS to help parents install and log in to the app.
Staff mobile app	Attendance, homework, class lists, leave, and notifications on the go.
Parent web portal	Browser access for parents alongside the mobile app.
Live sync	Same data on web admin, staff app, and parent app — always up to date.

Reports & Analytics

Fee reports	Collection, due-fee, discount, defaulter, and year-summary reports.
Attendance reports	Student, staff, class-wise, and monthly attendance analytics.
Staff & payroll reports	Staff lists, salary payments, leave, and payroll summaries.
Student reports	Class reports, birthdays, performance, and section-wise lists.
Financial reports	Expenses, ledgers, profit & loss, and financial insights.
Enquiry reports	Admission pipeline, conversion, and follow-up analytics.
Export PDF / Excel	One-click export on most reports for meetings and audits.
Grouped report menus	Organised report navigation — Students, Fee, Attendance, Financial, etc.

Latest updates (2025–2026)

- Transport fee billing — routes, allocations, and dedicated reports
- Parent mobile onboarding SMS and adoption metrics
- Web vs mobile login channel tracking for staff and parents
- Reports submenu grouping for faster navigation
- Due-fee report enhancements — father mobile, PDF/Excel export
- Academic year scoping across fees, attendance, and API modules
- Product overview hub, visiting-card QR, and shareable PDF brochure

Also includes: Mailbox, gallery, assessment feedback, marks analytics, branch insights, client billing (SaaS), super-admin tools, and continuous updates from Be Bright Solutions.
